Memorial Day
May 27, No School

Last Day of School Field Day
May 30

Teacher Work Day
May 31

Artist of the Month

By: Alexa L, Tamara A, Anna R, Miranda B.

The artist of the month for May is Kenzie R. She started creating art at about two years old but really started to become interested in art in 5th grade. Her favorite piece of art is a splatter painting of the Mesa. Kenzie is always inspired to paint by observing how nature looks and wants to keep on going with her inspiration of nature. She loves art because it is a way to express yourself and everyone perceives it differently.

OWL

By: Makenna J, Rylee H, Emily M, and Amber S

OWL was April 15 through April 19. We would like to now recognize and thank Colorado Parks and Wildlife for giving us a chance to go to OWL and teaching lessons to our sixth graders. A highlight of OWL this year and most years is to see all the personal growth that takes place in students over the short time at OWL. Some of the activities that they accomplished this year are fish census, macroinvertebrates, night lessons, wildlife, and many more. The kids that went up to OWL also had the chance to get their hunters education cards. An activity they completed at OWL is the Owllympics where they competed in three survival tasks against other teams. Some other activities they completed were cleaning competitions, kindness competitions, and archery. This year we were happy to expand the program to get kids outside and have a lot of fun. Good job at OWL and we can't wait to go again next year!

Talent Show

Written by: Ericka L. Selena B. Emily L.

The Talent Show is a fun, free performance of varying student talents. Families and friends are welcome to attend and watch students perform their talent. The talent show will be held on May 9th, starting at 6:00 pm and ending at 7:00 pm. It will be in the cafeteria. The talent show gives students the opportunity to show off their unique talent to their friends and family. There will also be a concession stand where people can buy snacks and refreshments!

Advice for Incoming Freshman

Written by: Nicole M, Marisa M, Mariana R, and Kaydance S.

Are you worried about going to high school? If you are, we hope this article will help you. If you want to keep track of all of your assignments and know when they're due, get a planner. Keep in mind that procrastination will happen, you will need to control it and don't panic if you get overwhelmed. Stay focused and try not to get into any drama and don't worry about the hierarchy of high school. Don't be afraid to join clubs, they will help you make new friends and will get you out of your comfort zone. While all of this is important, make sure you enjoy the high school experience and try your best.
